

**COUNCIL WORK MEETING
MINUTES – MAY 3, 2006
CITY OF ST. ANTHONY
420 NORTH BRIDGE, ST. ANTHONY, IDAHO**

PRESENT: Mayor Bill Beck, Councilmembers Garth Rose, Darby Merrill, Cathy Koon, and Matt Blanchard.

ALSO PRESENT: Marla Vik – JUB Engineers Inc, Woody Andersen – Supt. of Public Works, Taci Stoddard – City Clerk-Treasurer.

Mayor, Councilmember, Marla Vik of JUB Engineers, and City staff met to discuss the proposed Transportation Plan and Pavement Management Plan for the City.

Marla reviewed Goals and Policies that have been initially discussed. She also reviewed a project list. Those present were encouraged to look at these two things, and see if there is anything they think of that needs to be added for further discussion at another meeting.

Vik reviewed the City's proposed pavement management plan. She discussed pavement deterioration issues and costs associated with maintenance. She reviewed the remaining service life of the city's streets.

Those present talked about considering the strategies that need to be given to the public with presentation of the pavement management plan. All present felt this should be considered a separate issue from the Transportation Plan with separate public meetings.

The meeting was adjourned at 8:00 p.m. with plans to re-schedule the 2nd meeting in May and make it a work meeting for further discussion of the Pavement Management Plan. They agreed May 31st at 6:00 p.m. would be good for the work meeting and the change would be put on the next Council Agenda for approval.

Willard D. Beck, Mayor

Attest:

Taci Stoddard, City Clerk-Treasurer
