

Words from Mayor Beck

Just a word about our two voluntary boards – Planning and Zoning and Parks and Recreation.

First off, I thank these fine folks for uncounted hours of selfless service to our community. Both commissions are very active. The city council and mayor’s office are indebted to them for excellent decisions and wonderfully well thought out recommendations for us to act on. This is generally thankless work. I thank them and hope you will take opportunity to express your gratitude to them also. Listed below are these commissions. Our hats are off to you.

Planning and Zoning Commission
Chairman – Evan Tibbitts

Vice Chairman – Bill Butterfield

Board Member, Ray Voss, Cyril Burt, Jim Hobbs, David Atkinson, George Wieg, Wendel Greenhalgh, Suzanne Stoddard, and Leaving are Inella Douglas and Chris Hill.

Parks and Recreation

Chair – Melissa Hinkley

Board Members, Toni Crapo, Jim Hunter, and Boyd Clark.

Two members of P & Z have served in excess of 6 years. Pursuant to Idaho code, their service must end now.

Please thank Inella Douglas and Chris Hill for a job done diligently and professionally. If any of you have a desire to serve please call the city @ 624-3494

Planning and Zoning - Oct. 3rd, 7:00 p.m.
Nov. 7th, 7:00 p.m.

Department Reports

Police and Fire

Nothing reported

Animal Control & Code Compliance

Thank you to all the pet owners that came in and licensed their dogs last month. It really does make a difference and it helps us reunite you with your dog should he get picked up. I also want to remind everyone that St. Anthony does have a leash law, so please do not let your pets run loose.

Parks and Recreation

The Parks & Rec committee would like to thank the St. Anthony 3rd Ward young men and young women for putting oil on the shelter at Horsey Park. They did a great job. The teeter-totters got an overhaul. Eagle Scout Houston Birch sanded, painted and put handles on them. Our committee

has been working on a park and playground master plan and hope to get it done before the end of the year. We also turned in another grant last week and will be applying for more in the coming months. Also, hopefully, in October we will try and get out information on tree care and a master list of recommended trees to you the public. I would like to thank Carla Green for her time on the P & R committee. She was a great help this year. She is due to have their third child in October and will be leaving us.

If anyone would like to help make our parks and community an even better place to live, volunteer to be on our Parks & Rec board. Call me (624-9201) or the city office (624-3494).

Streets and Airport

We are going to be spraying the alleys with roundup to control the weeds since the garbage truck is no longer going down them. If you do not want the alleys sprayed behind you residence, then it is up to you to keep the weeds knocked down with whatever means possible. We will start October 1st through the first heavy frost.

Sewer and Water

We would like to thank the residence that took the water lead and copper samples for the city. Results should be available within the next 3 weeks.
