

Words from the Mayors desk

Bryant Biorn and Rod Willmore are St Anthony's newest councilman. They were sworn in January 28th. Welcome aboard and good luck, Bryant and Rod.

Not much to talk about this month, except the beautiful 2 weeks we had in January. It sure saved on the snow removal.

Think spring and enjoy the month coming up.

Support local businesses during these hard times. They can use your support and business.

As your new Mayor, I appreciate the support I am getting from the community. Lets all look forward to a new and great year.

Department Reports

Police and Fire

Our crossing guard at Bridge St and 4th N requests that motorists avoid that intersection from eastbound W 4th N during school drop off and pick up times. She recommends travel further south along W 2nd N or W 3rd N. Neighborhood Watch: your continued interest in notifying the police department of suspicious activity in your neighborhood or throughout the community is appreciated.

Nothing reported

Streets and Airport

We appreciate the patience and tolerance from the majority of the community during the snow plowing that has been done the past few days. It took us a little longer than usual due to the fact that the crew cleaned out driveways because the snow was heavy and wet.

We will be patching the

holes in the roads as weather permits. Please be patient since the weather is out of our control, we will get to them as soon as possible.

Sewer, Water, and Sanitation

Please remove your garbage cans from the streets after they have been emptied so as to make snow plowing easier for the city crews.
