

What a great Pioneer Days parade we had! There was great attendance and many compliments towards the city and pioneer days board.

The City is currently receiving many complaints about grass clippings being dumped in the Henry's Fork River. This causes congestion down stream. Dumping anything in the river is a violation and you may be cited. Another problem is our city alley ways. Grass clippings and other items being left out for later pick up for any reason is creating difficulties in passing through the alleys. Alley ways need to be kept open for emergency vehicles and public use. Although the alleys are city right of ways, it is the responsibility of the home owner to ensure that they are clear of debris and grass clippings. Please utilize your garbage carts for any garbage left in the alley. If items are not picked up, city crews will begin enforcing ordinance # 8.24.120

Summer fest is fast approaching. Plans are to have summer fest in the same area. However, there may be construction work on Bridge Street at that time, so alternative plans are in place. Contact the Chamber office for booth rental at 624-4870

Sept. 9th,	7:00 p.m.	P & Z - Aug. 5th,	7:00 p.m.
		Sept. 2nd,	7:00 p.m.

Department Reports

Police and Fire

Keep a record of your serial numbers for your bicycles or other high dollar items. Photographs of these items are also recommended. Use your locks.

Animal Control & Code Compliance

With the 2009 school season starting soon, please keep pets either penned up or on a leash so they don't follow kids to school. Also make sure they have tags so that we know who they belong to and can get them back safe and sound.

City recommends placing yard sale signs on weighted down boxes placed on the street or sidewalk. Also, please remove signs once your yard sale has

ended. *Signs placed on power poles will be removed as soon as they are spotted by city crew.*

Parks and Recreation

The Parks and Recreation Committee would like to thank the Rotary for their donation that enabled us to buy the new slide at Clyde Keefer Park. We appreciate their help. We have had interest in the old slides that have been removed from a couple of parks and we will have an auction of those items at a date and time to be announced. Right now we are looking for funds to finish buying loose-fill material for Clyde Keefer park. We are also turning our attention to our

trees in the downtown area and our parks. We are also looking for people who want to make a difference in our community to join our Parks & Recreation Committee. If you are interested in joining, call the city office at 624-3494, and give them your name. We meet once a month and sometimes have work meetings. We double as the St. Anthony Community Forestry Board. If you have any questions call Melissa at 206-7394.

Streets and Airport

Did you know that it is your responsibly to keep the weeds, trash, and debris clear in the ally's and also in the streets? Please keep the weeds knocked

down to keep peace with your
neighbors.

Sewer, Water, and Sanitation
The 2009 Drinking Water
Report is now available at the

city office or on the city's website
at - www.cityofstanthony.org.

School will be beginning soon, so be extra careful and watch for kids. With Lincoln closing on the south side of town, there will be extra traffic on 3rd and 4th North.
