

# City of St. Anthony Newsletter *September 2009*

Summer Fest was a great success. The weather was beautiful and it looked as though everyone had a good time. Good food, good entertainment and good company.

The Safe Route to School issue has been resolved. The project is expected to be completed by the end of October.

The Bridge Street project has been pushed out to a later date, as soon as we know more we will be informing the public.

The 2010 budget has been approved by City Council. If you are interested in looking at a copy of the budget, it is available at City Hall Monday through Friday from 8 to 5. As you may have already heard, the flowers have been cut, among other things. If you are interested or have ideas on how to continue the flower project, please come forward and contact me or anyone in the city offices.

The park monitor at the Sand Bar Park will no longer be monitoring the park after Wednesday, September 2, 2009. Please be extra careful and always swim with a companion.

## City Announcements & Events

	<b>Oct. 14<sup>th</sup>,</b>	<b>7:00 p.m.</b>	<b>P &amp; Z -</b>	<b>Sept. 2<sup>nd</sup>,</b>	<b>7:00 p.m.</b>
				<b>Oct. 7<sup>th</sup>,</b>	<b>7:00 p.m.</b>

## Department Reports

### **Police and Fire**

Be careful on the roads with schools back in session. A new stop sign was put in on southbound N. Bridge St. at E. Yellowstone Hwy. This will help with the Safe Routes to School project along the north side of E. Yellowstone Hwy.

### **Animal Control & Code Compliance**

With the 2009 school season already started, please keep pets either penned up or on a leash so they don't follow kids to school. Also make sure they have tags so that we know who they belong to and can get them back safe and

sound.

Any yard sale sign can **not** be placed on power poles or public signage. You may be cited as this has become a recurring problem within the city limits. *Signs placed on power poles will be removed as soon as they are spotted by city crew.*

### **Parks and Recreation**

Parks & Recreation is interested in a program that may continue the flowers that are planted in the city right of ways. We have a lot of people coming forward with ideas. However, at this point the City Council has not budgeted for

the flowers or for the part time Parks employees that would plant and care for them. Any ideas or information that anyone may have to continue with a flower program should contact Melissa Hinckley at 206-7394. The Parks Employees that have planted the flowers for so many years past have done a wonderful job and I have heard so much praise from out-of-towners on how beautiful they are. Those employees deserve recognition for making our city more beautiful and a great place to visit.

Parks would also like to announce that we will have an auction for our surplus playground equipment and a few other items. We don't have an exact date yet but it will be later in

September. A list of auction items will be forth-coming in the next couple of weeks. So if you want one of the old slides be on the lookout for our auction time.

---

**Streets and Airport**

The airport will be cracked sealed the first week in September.

---

**Sewer, Water, and Sanitation**

Nothing reported.

**School has started, so be extra careful and watch for kids. With Lincoln closing on the south side of town, there will be extra traffic on 3<sup>rd</sup> and 4<sup>th</sup> North. There is a new stop sign as you head south from the high school. Please watch for it.**
