I wanted to let everyone know where the city stands financially. Above is an overview of the City's budget for the first quarter of the fiscal year. You will note that 25% of the year has gone by and only one budget has spent more than 25%, and for a good reason. Parks and Recreation has purchased new mowers and tillers. The rest of the departments are well within their budget guidelines. Please remember this is not a complete view of the city's total finances. To see more detail visit our web site at [www.cityofstanthony.org](http://www.cityofstanthony.org). I plan on keeping you posted on a quarterly basis. If you have questions contact the city councilmember or me.
